Santorini Superior Living

Boutique Hotels

Welcome to your private paradise. To a place where you can give in to true pleasures of life: to a place where the sea and the sky meet in perfect harmony to make your dreams come true; to a place where each moment has its own proper value. Welcome to Santorini, the birthplace of legends. Welcome to Astarte.

Astarte is a luxurious nine-suite complex, each with its own personal style and vision. Built in one of the island's most beautiful areas, perched on the cliff of the Caldera opposite the endless blue of the Aegean Sea, every detail at Astarte Suites is made especially for you. All suites have volcano and caldera views, even from the interior, heated indoor or outdoor jacuzzi tub (one with a private pool), king size bed, air conditioning, satellite LCD TV, insulima window glasses, CD-MP3 player, direct dial phone, mini bar, bathrobes, Hermes cosmetics and a large private veranda or terrace where breakfast may be served.

Transfer for guests' arrival and departure, car rental service, twice daily maid service, fax and internet service, in-hour laundry and pressing, candlelight dinners and dramatic sea excursions are just some of the amenities and services offered.

The discreet room-service guarantees everything you want to enjoy in the privacy of your balcony, while the Morning Star pool-bar satisfies your hunger for delightful meals, drinks and good company.

They have a large outdoor infinity-pool with jacuzzi, the LAVA lounge café-bar (overlooking the pool), sea excursions, massages are available upon request and, for ultra decadence, they will put on their private jewellery show.

The distance from the port and airport is 15 to 20 minutes, while the Ancient City of Akrotiri, the famous Red Beach and the Old Lighthouse are minutes away.

And if, by any chance, you get the urge to be a little adventurous, the friendly staff will be more than pleased to help find the best excursion available for you. Late Minoan City excavations at Akrotiri, the archaeological museums, old monasteries, blue and white churches, black, red or white volcanic sand beaches, romantic, world-famous sunsets, and wine tasting at traditional wineries are all well worth it.

Rates are €330-850 for two, including taxes, transfer from and to the airport/port, breakfast served on your veranda, champagne and fresh fruits upon arrival.

Whether it's a honeymoon, romantic getaway or a relaxing holiday... Astarte Suites in Santorini is the place to visit for a magical, unforgettable stay.

SANTORINI HIGHLIGHTS

CLIFF-TOP TOWNS: Little towns and traditional settlements perched dramatically on cliffs.

EXCAVATIONS AT AKROTIRI: A buried Ancient City preserved by volcanic ash.

VOLCANIC SANDY BEACHES: Santorini's famous beaches characterized by volcanic black, red or white sand. Perissa, Kamari and Red Beach are three of the most popular.

SAIL AWAY: The best views of the volcano and caldera are from the sea. A sunset boat trip to the caldera face is romantic and dramatic (especially if the volcano is smoking!).
